

Grey's Anatomy: The latest fans of Agadir Argan Oil

Ever wondered how the stars keep their tresses in red-carpet condition?

The cast of hit US TV show Grey's Anatomy have revealed their secret... Agadir Argan Oil! Emmy award winning hairdresser Michele Teleis used it to style the girls' hair to keep it smooth and last the long hours spent on the set.....

During the filming of Season 7 of ABC's Grey's Anatomy, Emmy Award-winning hairdresser Michele Teleis introduced the cast to **Agadir Argan Oil Hair Treatment**. Cast members began requesting the product to take home, and Agadir sent a box filled with Agadir Argan Oil products. "We use the oil to blow-out the girls' hair from the minute we got it," Teleis said. "it helped their manes to stay smooth and last all those long hours on the set." – K. H. THE WIRE

Agadir Argan Oil (pictured right) is a range of hair styling and treatment products which condition the hair, leaving it looking and feeling soft, silky and manageable with a long lasting, luxurious shine and delicate exotic fragrance. Suitable for all hair types, (even keratin treated) the light weight, non-greasy and alcohol free formula instantly penetrates the hair shaft providing nourishment without weighing the hair down.

Agadir Argan Oil can reduce hair drying time by up to 40-50%!

Agadir Argan Oil can be used on skin & nails too.... simply put a drop in the palm of your hands and rub together to heat and apply.
